-> "We'll get some more screens up later." -> "The Alliance of Elden Knights is one of the three main characters appearing in this game, and the one that starts off with the highest powered. As a normal character, the Alliance of Elden Knights is a character that uses body and weapons extensively. An alliance that consists of three masters and two servants. The first of the three masters, "Atlas" has unique skills that include heavy armor, high defense, and a strong attack power to fight with great offensive power. The two servants "Egil" and "Eldeine" both have unique skills that enable them to attack and attack faster. The Alliance of Elden Knights is balanced and aims to develop each of its members through different skills. The Alliance of Elden Knights also has its pride and as a character, it will fully show you its abilities. There are also two allied teams, the Royal Knights and the Dark Knights. Their special skills are different, but they have similar ways of attacking. On the other hand, the details are slightly different depending on the equipment each takes. I may be wrong, but I am sure that there are some differences in the skills of the protagonists." ----- ***** ONLINE ACTION RPG - AWESOME FEATURES 1. Customizable and Unique Characters: You are free to customize your character to your own desire. You can also freely combine the weapons, armor, and magic that you equip. Character Creation Warring System (Character Creation) As an important part of the game, you will create a warring character at the beginning of the game. Player stats and attributes, base abilities, role, and equipment are all set up using the Warring System. You will be able to set up to 20 different attributes, which will affect the base stats of the characters. The selection of attributes will be determined through battle and can also be modified throughout the game. In the game, you will encounter a variety of monsters. In addition, there are many different types of weapons and equipment in the game. According to the attributes of the character, use the various attributes, and equip weapons and equipment to create a powerful new character! EQUIPMENT Effects of Equipment effects in the online game remain in the single player game. Equipped items, equipment items, magic, and other items can help you in battle. Equipment effects have a range of attributes that can help you in battle. By equipping items or equipment with the effects, you can increase the speed of attack. Equipment effects can even increase the lifespan of the weapon equipped. When you fight monsters, they will use special attacks. The faster you can respond, the more damage you will inflict. If you are caught off guard, you can also evade a strike. The normal attacks do not depend on your reactions. However, it is possible to anticipate special attacks, and you can adjust the timing to strike or block them. Character Creation (Character Creation) Using the Character Creation System, you will create a character. Select the race and gender of the character, then set his/her attributes. Attributes are divided into combat (a field, strength, vitality, dexterity, intelligence, constitution, and charisma), worship (a field, willpower, and soul), and attributes. When creating the character, you can select the attributes that you want to use for the base attributes. By selecting various attributes for the base attributes, you can create a character that is suited to play. In addition, you can also set various equipments and other items. You can select the weapon that your character wields, the number of arrows that your character shoots, and other equipment that you equip. Faces and costumes are set, and you can adjust the color of the character. When the character is created, he/she will have the equipment and armor equipped, and will
