am a user of Opera Mini and browsing the Internet with it, but I just want to install it and run it on my
computer, I didn't find a method of running it from the computer itself, the only place I could find it
was on Opera Mini's site. Can you help me please? This problem is encountered when the Windows
utility is trying to install a product key and when it fails it throws an error message like that The

product key "1234567890-1234567890123456789012" is not valid This product key has been used only once, it's a trial key OK I'm a bit desperate here, so if you can provide me with a solution I'll be really greatfull. It looks like your Windows version is not supported for use with Opera Mini for Android. In order to use Opera Mini in Windows version we kindly ask you to upgrade your Windows OS version or install a different Android version of Opera Mini. Thank you!
