## Assassin Creed 3 1.2.2 Trainer \_BEST\_

as connor and haytham were approaching the temple of solitude, haytham instructed him to memorize the names of the seven, and then to leave the two templars behind to look for more templars. when haytham entered the temple, he witnessed a vision of himself and connor, who was now aware of the pair's plan to kill hickey. the two then went to the assassin's council, where connor learned that in order to kill the seven, he had to first kill hickey, who had now become the eighth. [45] as connor watched the assassins fight, he attempted to convince them to fight to save lee, whom he had found on the wall. despite the claims of it being against their creed, the assassins were ready to fight, and connor finally realized that he loved his creed after seeing a woman and boy in the distance. however, when the violence broke out, connor was thrown away by the other assassins, and then shot the boy, though he seemed to have no effect. as the fight went on, connor was nearly killed when he was shot in the shoulder and chest, but he was saved by putnam who ordered the assassins to stop. with the tide of the battle turning, connor and putnam fought each other, but the latter was then felled by hickey. in response, the assassins killed hickey's guards, and then moved towards the nearby fort boston, where haytham would be waiting. [47] with his creed in the face of imminent death, connor then returned to the temple to protect haytham from the guards, though he was promptly shot in the leg. as the assassin was dying, connor told him that he had always known that they were heading to boston, and then pleaded for his life. despite his pleas, connor was killed by a shot to the head, and his last words were, "i love you, connor."
