## Opening Repertoire: ...c6: Playing The Caro-Kann And Slav As Black Books Pdf File [2021]

in this e-book, the aim is to guide the reader through the main opening lines of the caro-kann defense. the book is written in easy-to-read english and based on a chess engine. you will find it an incredibly easy, fast and enjoyable way to explore the caro-kann defense, black's main weapon against the world champion anand's. this is a very interesting book, which contains a collection of some of the best games from the world championships, among others, plus a number of the best games from the french championships. the game collection includes several games from the u-18 team match against russia, the b-league and the european youth championships. the games have been chosen to represent the entire spectrum of the caro-kann defense and its variations, from the caro-kann variation, the slav variation, to the caro-kann defense with the semi-slav variation. the e-book also features a long chapter that deals with the main lines and typical problems of the caro-kann defense. the book also includes a table for calculating the engine's score for each position. the book is also suitable for the beginning and advanced player. new players will find it useful to play out their first games, while experienced players will find it very helpful in putting their own touch to new positions. chess lovers can also enjoy the photographs of the games by renowned chess photographers and illustrators. practical help for the caro-kann defense. one of the main "weapons" of anand, this book gives you access to the secrets of this opening. in particular, here are the main lines of the caro-kann defense, both as white and as black.

## Opening Repertoire: ...c6: Playing The Caro-Kann And Slav As Black Books Pdf File

in the final analysis, the iqg is a systems opening, and the most basic and important feature of any systems opening is that it leads to a position where the game is simple, and where black has a number of good options for his future development. this is a feature that has made the iqg so popular, and one that is surely the reason that it has stood the test of time. here we look at three common ways to promote the semi-slav, which is a semi-open pawn structure that is often seen in the key line 1.e4 e5 2.nf3 nc6 3.d4 exd4 4.c4 d6 5.bc4. the book covers the main variations at the .c6 and.nc6 squares. the authors strive to present these important variations in a wide-ranging and interesting manner. as they say, the semi-slav is the most important opening of the modern era, and the third most popular opening after the sicilian and king's indian. no one can fail to be interested in this opening. the internet has made available nearly unlimited information about the black and white opening moves. the problem is that when a book or dvd is published, it tends to be limited to a small group of people. the authors say that this book is an attempt to present all the relevant openings and variations to the reader in a simple, clear and easy to follow way. to provide this content, the authors have collected a wide range of openings and variations. each opening is presented with a recommended sequence and suggested variations. in addition, each opening variation is thoroughly analyzed to show how black can gain a tactical or positional advantage. the author's hope is to present you with clear ideas that will enable you to play the openings at a higher level. 5ec8ef588b
